YES on 56

SAVE LIVES CALIFORNIA

**Keep our children
from smoking**

Support Prop. 56 to improve
health care, reduce tobacco-related
health care costs and save lives.

Tobacco is a deadly, costly product that hurts all Californians – even if you don't smoke. Tobacco is the #1 cause of preventable death in California, costing taxpayers billions each year. Now Big Tobacco is hooking kids into a lifetime of addiction with e-cigarettes. It's up to all of us to prevent this predatory behavior and prevent kids from smoking. Prop. 56 increases California's cigarette tax by \$2 per pack, with an equivalent increase on other tobacco products, including e-cigarettes. And if you don't use tobacco, you don't pay.

Protect Kids.

Higher tobacco taxes are proven to reduce youth smoking, yet California's tobacco tax is among the lowest in the nation.

If You Don't Smoke, You Don't Pay.

California taxpayers spend \$3.5 billion each year on tobacco-related diseases. Prop. 56 works like a user fee, taxing tobacco to help pay these tobacco-related health care costs.

Fight Cancer.

Prop. 56 pays for health care, cancer treatment, smoking prevention and research to cure cancer and tobacco-related diseases.

ALEX DING

AMA COUNCIL ON SCIENCE
AND PUBLIC HEALTH

California Medical Association is proud to announce
the candidacy of Alex Ding, MD, MS
For AMA Council on Science and Public Health

Endorsed by: American College of Radiology
Pacific Rim Delegation • Section Council on Radiology

District X is pleased to announce the candidacy of:

LUTHER F. COBB, M.D., F.A.C.S.

for

CMA PRESIDENT-ELECT 2013

COBB

EPO Image

THE TRIBUNE

"We saw what happened in 2020, when followers of a defeated and bitter president led numerous efforts at national, state and local levels to undermine the U.S. Constitution and invalidate the results of a legitimate election. We hope there is no repeat in 2024, but we need to be prepared, and that means electing leaders who will stand up to those who would undermine our democracy by any means necessary. We have no doubt that Funk would do exactly that, while at the same time bringing the expertise she's gained in Atascadero to San Luis Obispo County. The Tribune endorses Susan Funk for District 5 supervisor."

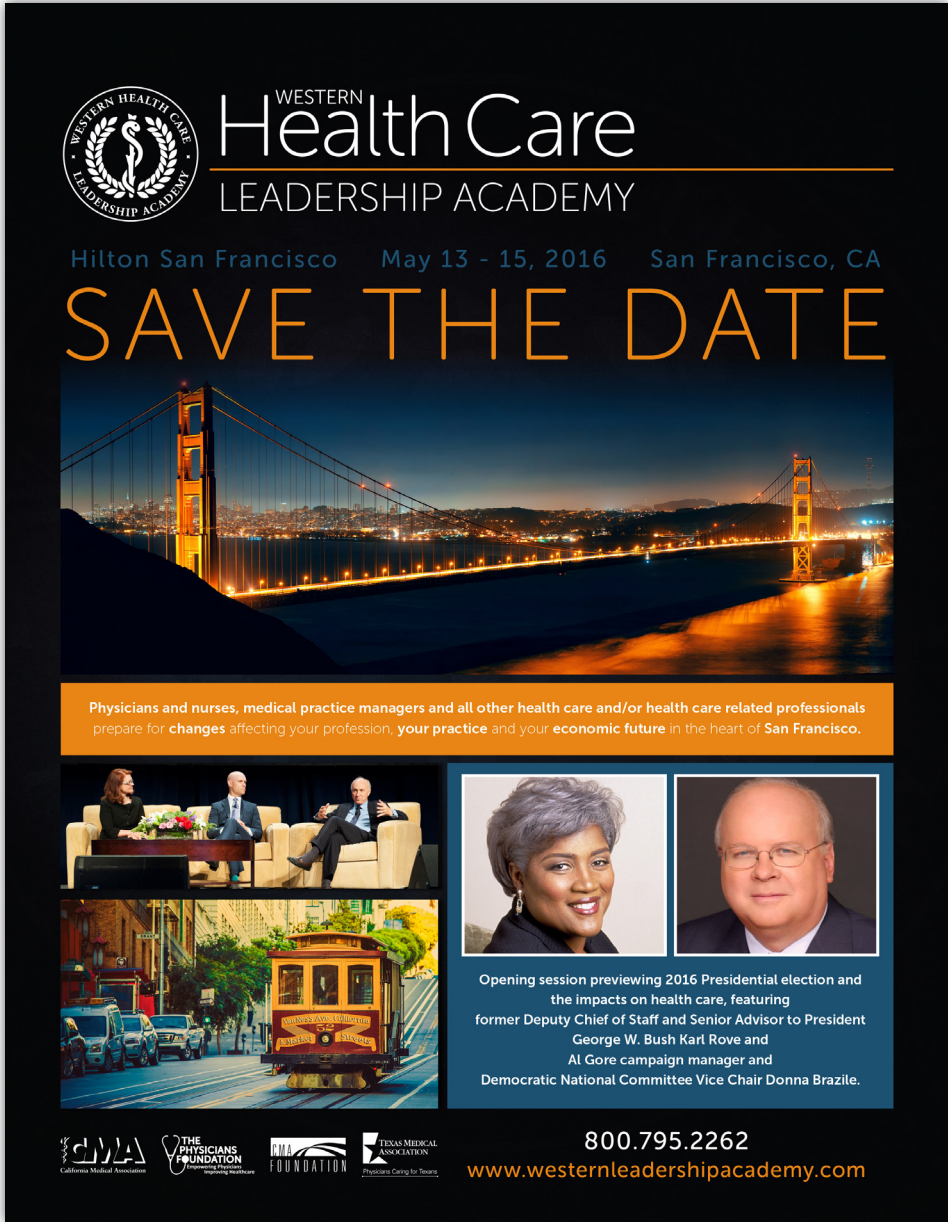

Susan Funk is the advocate for you, ensuring that the government works for its people, not against them. In moments where democracy is on the line, Susan Funk rises to the occasion, while her right-wing opponent ducks taking a position and waffles on the issues.

This is a CRITICALLY IMPORTANT election when it comes to standing up for these issues - please take two minutes to fill out your ballot for Susan Funk for Supervisor and return it or postmark it by Tuesday March 5.

Best time ever to get Braces

Welcome To Your Granite Bay General Cosmetic Dental Practice

When you visit your dental office, your smile is our top priority. Dr. Smith and his team are dedicated to providing you with the personalized, gentle care that you deserve. Part of our commitment to serving our patients includes providing information that helps them to make more informed decisions about their oral health needs. This website is a resource we hope you'll find both useful and interesting.

ZOOM!®

A pearly white smile is beautiful to look at and can greatly improve self-confidence. Many people are opting for the Zoom® Chairside Whitening System (Zoom!) for fast, safe and effective teeth whitening. Zoom® combines the newest advances in dental technology with proven chemical formulas.

PORCELAIN VENEERS

Veneers are very thin pieces of durable, tooth-shaped porcelain that are custom-made (for shape and color) by a professional dental laboratory. They are bonded onto the front of teeth to create a beautiful and attractive smile.

COMPOSITE FILLINGS

A composite (tooth colored) filling is used to repair a tooth that is affected by decay, cracks, fractures, etc. The decayed or affected portion of the tooth will be removed and then filled with a composite filling.

There are many types of filling materials available, each with their own advantages and disadvantages.

Colby Smith, DDS, MAGD
DENTIST

Ask any of his patients and they will tell you that Dr. Smith is patient, sincere, and dedicated to helping you achieve your best possible smile. Imagine a doctor who takes time to explain your options, answer all of your questions, and has your wellbeing as his top priority.

50% OFF

Start the new year off right with fresh clean carpets and upholstery!

[BOOK NOW](#)

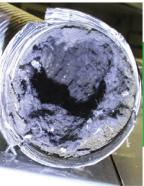

CARPET CLEANING

Your carpet is one of the biggest investments you will ever make inside your home or business. However, it's consistently exposed to stains, dirt, as well as the wear and tear of day-to-day use. Also, it may harbor dust mites and allergy causing contaminants that you cannot see, yet these dust mites and contaminants get trapped deep inside your carpet fibers.

UPHOLSTERY CLEANING

It is often easy to notice if stains exist on your chairs or couches fabric. Depending upon the pattern and color, you might have the ability to hide specific surface stains; however, leaving stains to settle inside the fibers of your fabric is going to wear down your upholstery over a period of time. Moreover, it isn't healthy to relax on chairs and couches which have accumulated grime that is soaked into the surface.

DRYER VENT CLEANING

When your dryer is functioning poorly, it is likely due to a clogged or debris-filled dryer vent line. Lint, debris, and other common sources of dryer vent clogs can not only affect the efficiency of your dryer, but they can also be a serious fire hazard.

Argos Caffè is the first espresso bar of its kind in Folsom, Ca. With great passion for blending and roasting, Argos Caffè captures the essence of Italian style espresso and coffee. Our goal is to create a place for people to get together, enjoy a great cup of coffee, converse, and think about their next big idea.

We roast, blend and serve fresh espresso, coffee, specialty drinks, premium teas and pastries. We are local and strive to source local ingredients, and are active in our community.

the art of
GOOD WINE

Better storage for the bottle means more enjoyment in the glass. Sub-Zero wine preservation units act not merely as coolers but as guardians against heat, humidity, vibration and light – the four enemies that can rob wine of its complexity and character. Available in three widths, from 18" to 30", with 46- to 147-bottle capacity, they let you bring the pleasures of wine into any room in your home.

riggsdistributing.com

the art of
FRESH FOOD

Think of the PRO 48 as an 800-pound monument to food preservation – equal parts sculpted metal design statement and culinary secret weapon. Dual refrigeration® keeps humid side humid for fresh foods, dry side dry for frozen and convenience foods – and everything fresher longer. Its vast interior, like its bold exterior, is crafted of stainless steel. No wonder it has become a hallmark of the iconic American kitchen.

riggsdistributing.com

the art of
DELICIOUS

You'll never know how well you can cook – or what delicious results you can achieve – until you cook on a Wolf gas range. It has performance features born of professional kitchens, for the precise control to master any type of cooking. Choose 30", 36", 48" or 60", and configure the cooktop to suit your style, with griddle, charbroiler or even French top options. You'll confidently do it all with the incredibly responsive range.
